In search of a unique  
or hard to find product?

Let our factory direct sourcing  
department do all the work for you.

## Large Orders

At PTC, we specialize in large overseas orders, from 2,500 to 500,000 pieces or more! Our factories can manufacture, imprint, and package your orders while maintaining the highest level of quality control.

## Faster Production Time

Unlike most suppliers that require as many as 10 to 12 weeks production, PTC can turn-around your large orders in as little as 8 to 10 weeks or sometimes...even less!
